

We need your help!

Our collection of nu-shabtis were accidentally woken up when we were noisily nailing a painting to the wall! Can you help us find them all hidden around the museum, gallery and library so we can put them back in their tombs? There are 78 in total to find! When you've found 10, use the cypher (code) to find out where the shabti spell is hidden. If you find the spell, read it out loud to send our shabtis back to sleep! You can draw your favourite shabti or create your own shabti drawing on the back of this sheet.

SHABTI SHENANIGANS

Many of our awakened shabtis have their own accessories like shopping bags and hats. Decorate these shabtis by drawing on some accessories of your choice!
